# The Polygon Creature Project

Directions: You can make your own polygon creatures! Use the creature's name on each sheet for clues on how to create your creature. For example this creature is a Pentatoothed Creature so it has five teeth. Each creature must have the shape that it is named after for its head. Notice that this creature's head is shaped like a pentagon. At the bottom of your creation write a sentence about your creature.

This is a Pentatoothed creature. You can tell it is a Pentatoothed Creature because it has five teeth and a head shaped like a pentagon.
